Documentation and Procedures

Task 1: Conversion Preparation

1. Backup your data file. For instructions to back up your data file, choose **Help** menu > **QuickBooks Help**. Search for **Back Up** and follow the instructions.
2. Download the latest QuickBooks Update. For instructions to download an update, choose **Help** menu > **QuickBooks Help**. Search for **Update QuickBooks**, then select **Update QuickBooks** and follow the instructions.

NOTE: If multiple computers do not use the same QuickBooks data file, skip step 3. QuickBooks activities such as Online Banking cannot be performed in multi-user mode because of the way the activities interact with a company data file.

4. Enable Classic Mode (Register Mode).
